

JUNE 2023

TIVA LAUNCHES 48 CBM BULKER THE FUTURE OF CEMENT & FLY ASH TRANSPORT

One of the latest additions to our rapidly growing range of products - 48 CBM Bulker is a pressure vessel, which can efficiently handle dry powders like cement, fly ash etc.

The cement industry is experiencing a gradual shift from bagged cement movement to bulk cement movement. Bulker is well positioned to strike a chord with the fleet owners, with the promise of providing safe, economic and environment-friendly loading, unloading and material transportation.

Key Features :

- Better payload and quality benefits are provided by us as compared to locally produced bulkers.
- More uptime for the customers provided by us, which results in an increase in revenue.

SPECIFICATIONS

Unladen weight of Trailer	~08.70 T Approx.
Overall length of Trailer	12500 ± 200 mm

CUSTOMER VOICE

We are using TIVA Trailers since 2018. We were among first to introduce Air suspension Trailers in Punjab jointly with TIVA Trailers in Side Wall Segments.

TIVA Team is always in touch with us for feedback and support us positively. Response time and Service by TIVA is very Prompt. This year we have given order of 48 Cum Bulklers to TIVA and we look forward for many more endeavours with TIVA.
